Advices from every section of the Austrian frontier tell of feverish war proparations. The Austrian military officials at least do not believe that concessions are to be made to Italy. They are massing their troops and BUFFALOtheir aeroplanes are reported flying close to Italian territory at a dozen different points. Troop trains are interfering with regular traffic on the main railway lines and great quantitles of munitions are being massed ready for use.

Roosevelt Gets Barnes's Letters Into Evidence and Tells How Leader Dominated Conferences of Both Parties at Albany.

#### WAS SURPRISED TO LEARN SPEAKER WAS MERE DUMMY

By Samuel M. Williams.

(Special from a Staff Correspondent of The Evening World.) COURT HOUSE, SYRACUSE, N. Y., April 21.-Col. Roosevelt was his own star witness to-day in the Barnes libel suit. Aided by skilful guidance of his lawyers, he got before the jury four more chapters of political history and an amazing letter written by Barnes denouncing Gov. Hughes and all political reformers,

It was a red letter day for Roosevelt and he fairly gloated over every punch he got in on his opponent. His attorneys have a bag full of letters ready to spring at the right moment. Meanwhile the Colonel related conversations with Barnes and other politicians, all tending to sustain his contention that Barnes was the absolute boss and that the two political machines worked together at Albany.
